

Assignment 2

Syllogisms

due Sep. 17

Goals: apply the classification of syllogisms to analyze and produce concrete examples.

*Cheap horses are rare.
Rare things are expensive.
A cheap horse is expensive.*

1. Rephrase the syllogism above to put it in standard form. Does it correspond to one of the names of the classification?
2. Are cheap horses expensive? What is wrong with this argument?

Presentation: your answer should be prepared with \LaTeX and submitted in .pdf format, under the name m150f18_HW2_yourlastname.pdf

Grading:

- **Spelling:** 1 point, **Question 1:** 4 points, **Question 2:** 10 points
- For **Question 2**, make sure to pinpoint what you think is the issue.
